

"An HR Heart with an Adventurous Spirit"

What is your favorite part of working at Second Start?

The people, co-workers, and my boss are my favorite part of working at Second-Start. It's the feeling of being part of a team that makes me feel successful.

What do you wish you had more time for?

I love being in my yard, gardening and being on the water.

Who has had the biggest influence on your life?

I was deeply influenced by my grandmother, Priscilla, who provided a strong sense of structure and was incredibly family-oriented. She always went above and beyond for her family, which is why I chose to name my daughter in her honor.

What always makes you laugh?

My pets always make me laugh. They do pretty crazy things. I love living with them.

What skill are you most proud of?

I am most proud of my listening skills ensuring others feel heard. Then by combining the study of linguistics and facts of a situation, I use my experience to find the best solution.

What would other be surprised to learn about you?

I believe I can do anything. I once traveled to Africa alone, where I hired a professional photographer to give me lessons and guide me through a safari.

What is your favorite bumper sticker?

"May Life Treat You the Way You Treat Animals."
